WASHINGTON CITY, *Feb.* 18.

JAMES MADISON,

PRESIDENT OF THE UNITED STATES OF AMERICA.

To all and singular to whom these presents shall come, Greeting :

WHEREAS a treaty of Peace and Amity between the United States of America, and his Britannic Majesty was signed at Ghent, on the twenty-fourth day of December, one thousand eight hundred and fourteen, by Plenipotentiaries respectively appointed for that purpose; and the said Treaty having been, by and with the advice and consent of the Senate of the United States, duly accepted, ratified, and confirmed, on the seventeenth day of February, one thousand eight hundred and fifteen; and ratified copies thereof having been exchanged agreeably to the tenor of the said Treaty, which is in the words following to wit:

TREATY OF PEACE AND AMITY,
BETWEEN
HIS BRITANNIC MAJESTY,
AND THE
UNITED STATES OF AMERICA.

His Britannic Majesty and the United States of America, desirous of terminating the war which has unhappily subsisted between the two countries, and of restoring, upon principles of perfect reciprocity, peace, friendship, and good understanding between them, have, for that purpose, appointed their respective plenipotentiaries, that is to say:—His Britannic Majesty, on his part, has appointed the Right Honorable *James* lord *Gambier*, late admiral of the white, now admiral of the red squadron of His Majesty's fleet, *Henry Goulburn, Esq.* a member of the Imperial Parliament and under secretary of state, and *William Adams, Esq.* Doctor of Civil Laws:—And the President of the United States, by and with the advice and consent of the senate thereof, has appointed *John Quincy Adams, James A Bayard, Henry Clay, Jonathan Russell*, and *Albert Gallatin*, citizens of the United States, who, after a reciprocal communication of their respective full powers, have agreed upon the following articles:

ARTICLE THE FIRST.

There shall be a firm and universal PEACE, between His Britannic Majesty and the United States, and between their respective countries, territories, cities, towns, and people, of every degree, without exception of places or persons. All hostilities, both by sea and land, shall cease as soon as this Treaty shall have been ratified by both parties, as hereinafter mentioned. All territory, places, and possessions whatsoever, taken from either party by the other, during the war, or which may be taken after the signing of this Treaty, excepting only the islands hereinafter mentioned, shall be restored without delay, and without causing any destruction, or carrying away any of the artillery or other public property originally captured in the said forts or places, and which shall remain therein upon the exchange of the ratifications of this Treaty, or any slaves or other private property. And all archives, records, deeds, and papers, either of a public nature, or belonging to private persons, which, in the course of the war, may have fallen into the hands of the officers of either party, shall be, as far as may be practicable, forthwith restored and delivered to the proper authorities and persons to whom they respectively belong. Such of the islands in the bay of Passamaquoddy as are claimed by both parties, shall remain in the possession of the party in whose occupation they may be at the time of the exchange of the ratifications of this Treaty, until the decision respecting the title to the said islands shall have been made in conformity with the fourth article of this Treaty. No disposition made by this Treaty, as to such possession of the islands and territories claimed by both parties, shall, in any manner whatever, be construed to affect the right of either.

ARTICLE THE SECOND.

Immediately after the ratifications of this treaty by both parties, as hereinafter mentioned, orders shall be sent to the armies, squadrons, officers, subjects and citizens, of the two powers to cease from all hostilities. And to prevent all causes of complaint which might arise on account of the prizes which may be taken at sea after the said ratifications of this treaty, it is reciprocally agreed that all vessels and effects which may be taken after the space of 12 days from the said ratifications, upon all parts of the coast of North America, from the latitude of 23 degrees north, to the latitude of 50 degrees north, and as far eastward in the Atlantic ocean, as the 36th degree of west longitude from the meredian of Greenwich, shall be restored on each side: That the time shall be 30 days in all other parts of the Atlantic ocean, north of the equinoctial line or equator, and the same time for the British and Irish channels, for the Gulph of Mexico and all parts of the West Indies: Forty days for the north Seas, for the Baltic, and for all parts of the Mediteranean: Sixty days for the Atlantic ocean south of the equator as far as the latitude of the cape of Good Hope: Ninety days for every part of the world south of the equator: And 120 days for all other parts of the world without exception.

ARTICLE THE THIRD.

All prisoners of war taken on either side, as well by land as by sea, shall be restored as soon as practicable after the ratifications of this treaty, as hereinafter mentioned, on their paying the debts which they may have contracted during their captivity. The two contracting parties respectively engage to discharge, in specie, the advances which may have been made by the other for the sustenance and maintenance of such prisoners.

ARTICLE THE FOURTH.

Whereas it was stipulated by the second article in the treaty of peace, of one thousand seven hundred and eighty three, between His Britannic Majesty and the United States of America, that the boundary of the United States should comprehend all islands within twenty leagues of any part of the shores of the United States, and lying between lines to be drawn due east from the points where the aforesaid boundaries, between Nova Scotia, on the one part, and East Florida, on the other, shall respectively touch the bay of Fundy, and the Atlantic ocean, expecting such islands as now are, or heretofore have been, within the limits of Nova Scotia; and whereas the several islands in the bay of Passamaquoddy, which is part of the bay of Fundy, and the island of Grand Menan in the said bay of Fundy, are claimed by the United States, as being comprehended within their aforesaid boundaries, which said islands are claimed as belonging to his Britannic Majesty, as having been at the time of, and previously to, the aforesaid treaty of one thousand seven hundred and eighty three, within the limits of the province of Nova Scotia: In order, therefore, finally to decide upon these claims, it is agreed that they shall be refered to two Commissioners to be appointed in the following manner, viz: one commissioner shall be appointed by his Britannic Majesty, and one by the President of the United States, by and with the advice and consent of the Senate thereof, and the said two commissioners so appointed shall be sworn impartially to examine and decide upon the said claims according to such evidence as shall be laid before them on the part of his Britannic Majesty and of the United States respectively. The said commissioners shall meet at St. Andrews, in the provine of New Brunswick, and shall have power to adjourn to such other place or places as they shall think fit. The said commissioners shall by a declaration or report under their hands and seals, decide to which of the two contracting parties the several islands aforesaid do respectively belong, in conformity with the true intent of the said Treaty of Peace of 1783. And if the said commissioners shall agree in their decision, both parties shall consider such decision as final and conclusive. It is further agreed, that in the event of the two commissioners differing upon all or any of the matters so refered to them, or in the event of both or either of the said commissioners refusing, or declining, or wilfully omitting, to act as such, they shall make, jointly or separately, a report or reports, as well to the government of his Britannic Majesty, as to that of the United States, stating in detail the points on which they differ, and the grounds upon which their respective opinions have been formed, or the grounds upon which they, or either of them, have so refused, declined, or omitted to act. And his Britannic Majesty and the government of the United States, hereby agreed to refer the report or reports of the said commissioners, to some friendly sovereign or state, to be then named for that purpose, and who shall be requested to decide on the differences which may be stated in the said report or reports, or upon the report of one commissioner, together with the grounds upon which the other commissioner shall have refused, declined, or omitted to act, as the case may be. And if the commissioner so refusing, declining, or omitting to act, shall also wilfully omit to state the grounds upon which he has so done, in such manner that the said statement may be referred to such friendly sovereign or state, together with the report of such other commissioner, then such sovereign or state shall decide ex-parte upon the said report alone. And his Britannic Majesty and the government of the United States engage to consider the decision of some friendly sovereign or state to be such and conclusive on all the matters so refered.

ARTICLE THE FIFTH.

Whereas neither that point of the high lands lying due north from the source of the river St. Croix, and designated in the former treaty of peace between the two powers as the northwest angle of Nova Scotia, now the northwesternmost head of Connecticut river, has yet been ascertained; and whereas that part of the boundary line between the dominion of the two powers which extends from the source of the river St. Croix directly north to the abovementioned northwest angle of Nova Scotia, thence along the said highlands which divide those rivers that empty themselves into the St. Lawrence from those which fall into the Atlantic ocean to the northwesternmost head of Connecticut river, thence down along the middle of that river to the forty fifth degree of north latitude; thence by a line due west on said latitude until it strikes the river Iroquois or Cataraguy, has not yet been surveyed; it is agreed, that for these several purposes two Commissioners shall be appointed, sworn, and authorised, to act exactly in the manner directed with respect to those mentioned in the next preceding article, unless otherwise specified in the present article. The said commissioners shall meet at St. Andrews in the province of New Brunswick, and shall have power to adjourn to such other place or places as they shall think fit. The said commissioners shall have power to ascertain and determine the points abovementioned, in conformity with the provisions of the said treaty of peace of 1783, and shall cause the boundary aforesaid, from the source of the river St. Croix to the river Iroquois or Cataraguy, to be surveyed and marked according to the said provisions. The said commissioners shall make a map of the said boundary, and annex to it a declaration under their hands and seals, certifying it to be the true map of the said boundary, and particularizing the latitude and longitude of the northwest angle of Nova Scotia, of the northwesternmost head of Connecticut river, and of such other points of said boundary as they may deem proper. And both parties agree to consider such map and declaration as finally and conclusively fixing the said boundary. And in the event of the said two commissioners differing, or both, or either, of them, refusing or declining, or wilfully omitting to act, such reports, declarations, or statements, shall be made by them, or either of them, and such reference to a friendly sovereign or state, shall be made, in all respects as in the latter part of the fourth article is contained, and in as full a manner as if the same was herein repeated.

ARTICLE THE SIXTH.

Whereas, by the former treaty of peace that portion of the boundary of the United States from the point where the forty-fifth degree of north latitude strikes the river Iroquois or Cataraguy to the lake Superior, was declared to be "along the "middle of said river into lake Ontario, "through the middle of said lake until "it strikes the communication by water "between that lake and lake Erie, thence "along the middle of said communication into lake Erie, through the middle of said lake until it arrives at the "water communication into the lake "Huron, thence through the middle of "said lake to the water communication between that lake and lake Superior:" And whereas doubts have arisen what was the middle of said river, lakes and water communications, and whether certain islands lying in the same were within the dominions of his Britannic Majesty or of the United States: In order, therefore, finally to decide these doubts, they shall be referred to two commissioners, to be appointed, sworn, and authorized to act exactly in the manner directed with respect to those mentioned in the next preceding article, unless otherwise specified in this present article. The said commissioners shall meet, in the first instance, at Albany, in the state of New-York, and shall have power to adjourn to such other place or places as they shall think fit: The said commissioners shall, by a report or declaration, under their hands and seals, designate the boundary through the said river, lakes, and water communications, and decide to which of the two contracting parties the several islands lying within the said river, lakes, and water communications, do respectively belong, in conformity with the true intent of the said treaty of one thousand seven hundred and eighty-three. And both parties agree to consider such designation and decision as final and conclusive.—And in the event of the said two commissioners differing, or both, or either of them, refusing, declining, or wilfully omitting to act, such reports, declarations or statemsnts, shall be made by them, or either of them, and such reference to a friendly sovereign or state shall be made in all respects as in the latter part of the fourth article is contained, and in as full a manner as if the same was herein repeated.

ARTICLE THE SEVENTH.

It is further agreed that the said two last mentioned commissioners, after they shall have executed the duties assigned to them in the preceding article, shall be, and they are hereby authorized, upon their oaths impartially to fix and determine, according to the true intent of the said Treaty of Peace, of one thousand seven hundred and eighty-three, that part of the boundary between the dominions of the two powers, which extends from the water communication between lake Huron and lake Superior, to the most north-western point of the lake of the Woods, to decide to which of the two parties the several islands lying in the lakes, water communications, and rivers, forming the said boundary, do respectively belong, in conformity with the true intent of the said Treaty of Peace, of one thousand seven hundred and eighty-three; and to cause such parts of the said boundary, as require it, to be surveyed and marked. The said Commissioners shall, by a report or declaration under their hands and seals, designate the boundary aforesaid, estate their decision on the points thus referred to them, and particularize the latitude and longitude of the most north-western point of the lake of the Woods, and of such other parts of the said boundary as they may deem proper. And both parties agree to consider such designation and decision as final and conclusive. And, in the event of the said two Commissioners differing, or both, or either of them refusing, declining, or wilfully omitting to act, such reports, declarations, or statements, shall be made by them, or either of them, and such reference to a friendly sovereign or state, shall be made in all respects as in the latter part of the fourth article is contained, and in as full a manner as if the same was herein repeated.

ARTICLE THE EIGHTH.

The several boards of two Commissioners mentioned in the four preceding articles, shall respectively have power to appoint a secretary, and to employ such surveyors or other persons as they shall judge necessary. Duplicates of all their respective reports, declarations, statements and decisions, and of their accounts, and of the journal of their proceedings, shall be delivered by them to the agents of his Britannic Majesty, and to the agents of the United States, who may be respectively appointed and authorised to manage the business on behalf of their respective governments.—The said Commissioners shall be respectively paid in such manner as shall be agreed between the two contracting parties, such agreement being to be settled at the time of the exchange of the ratifications of this treaty. And all other expences attending the said Commissioners shall be defrayed equally by the two parties. And in the case of death, sickness, resignation, or necessary absence, the place of every such Commissioner respectively shall be supplied in the same manner as such Commissioner was first appointed, and the new Commissioner shall take the same oath or affirmation, and do the same duties. It is further agreed between the two contracting parties, that in case any of the islands mentioned in any of the preceding articles, which were in the possession of one of the parties prior to the commencement of the present war between the two countries, should, by the decision of any of the boards of commissioners aforesaid, or of the sovereign or state so refered to, as in the next 4 preceding articles contained, fall within the dominions of the other party, all grants of land made previous to the commencement of the war by the party having had such possession, shall be as valid as if such island or islands, had by such decision or decisions, been adjudged to be within the dominions of the party having had such possession.

ARTICLE THE NINTH.

The United States of America engage to put an end immediately after the ratification of the present Treaty to hostilities with all the tribes or nations of Indians, with whom they may be at war at the time of such ratification; and forthwith to restore to such tribes or nations, respectively, all the possessions, rights, and privileges, which they may have enjoyed or been entitled to, in 1811, previous to such hostilities: *Provided always*, that such tribes or nations shall agree to desist from all hostilities against the United States of America, their citizens and subjects, upon the ratification of the present treaty being notified to such tribes or nations, and shall so desist accordingly. And his Britannic Majesty engages, on his part, to put an end immediately after the ratification of the present treaty, to hostilities, with all the tribes or nations of Indians with whom he may be at war at the time of such ratification, and forthwith to restore to such tribes or nations, respectively, all the possessions, rights and privileges, which they may have enjoyed or been entitled to, in 1811, previous to such hostilities: *Provided always*, that such tribes or nations, shall agree to desist from all hostilities against his Britannic Majesty, and his subjects, upon the ratification of the present treaty being notified to such tribes or nations, and shall so desist accordingly.

ARTICLE THE TENTH.

Whereas the traffic in slaves is irreconcilable with the principles of humanity and justice, and whereas both his Britannic Majesty and the United States are desirous of continuing their efforts to promote its entire abolition, it is hereby agreed that both the contracting parties shall use their best endeavours to accomplish so desirable an object.

ARTICLE THE ELEVENTH.

This Treaty, when the same shall have been ratified on both sides, without alteration by either of the contracting parties, and the ratifications mutually exchanged, shall be binding on both parties, and the ratifications shall be exchanged at Washington, in the space of 4 months from this day, or sooner if practicable.

IN FAITH WHEREOF, we the respective Plenipotentiaries have signed this treaty, and have thereunto affixed our seals.

Done, in triplicate, at Ghent, the twenty fourth day of December, one thousand eight hundred and fourteen.

(L. S.) GAMBIER,
(L. S.) HENRY GOULBURN,
(L. S.) WILLIAM ADAMS.
(L. S.) JOHN Q. ADAMS,
(L. S.) JAMES A. BAYARD,
(L. S.) H. CLAY,
(L. S.) JONA: RUSSELL,
(L. S.) ALBERT GALLATIN.

NOW, THEREFORE, to the end that the said TREATY OF PEACE AND AMITY, may be observed with good faith, on the part of the United States, I, James Madison, President as aforesaid, have caused the premises to be made public; and I do hereby enjoin all persons bearing office, civil or military, within the United States, and all other citizens or inhabitants thereof, or being within the same, faithfully to observe and fulfil the said Treaty and every clause and article thereof.

{Seal} *IN Testimony whereof, I have caused the seal of the U. S. to be affixed to these presents, and signed the same with my hand.*

Done, at the City of Washington, this eighteenth day of February, in the year of our Lord one thousand eight hundred and fifteen, and of the sovereignty and independence of the United States the thirty ninth.

DEFEAT OF COL. WOODBINE.

A gentleman of respectability, who arrived in yesterday's southern stage informs, that just before he left Savannah, a letter was received by Gener Floyd, from Captain Massias, stating that Col. Woodbine, who commands a party of British and Indians, had been met by Gen. M'Intosh, and completely defeated; but the particulars of the engagement were not mentioned.

SPAIN.

The intelligence from Spain shews the anxiety of the government of the mother country as to her colonies; and forced contributions have been exacted from the merchants of Cadiz, one of whom has paid $10,000 to accelerate the armament destined for South America.

THE PITTSBURGH GAZETTE.

SATURDAY, FEBRUARY 25, 1815.

By the arrival at New-York of the British sloop of war Favourite, the vessel which brought the great and joyful news of Peace, the New-York editors have received files of English papers to the 31st of December. They are filled with the speculations of the English Journalists upon the proceedings of the Vienna Congress, and the state of Europe generally. Some appear confident that all will be settled in perfect tranquility, whilst others anticipate still further convulsions. We have not room in this day's paper for the extracts we intended to have made.

In the House of Representatives of the United States, on the 17th inst. Mr. Jackson, of Virginia, submitted for consideration the following resolutions:

1. *Resolved*, That the committee on military affairs be instructed to enquire and report to what extent the military establishment of the United States can be reduced consistently with the public interest.

2. *Resolved*, That the said committee be further instructed to enquire whether any, and, if any, what provision ought to be made by law for allowing months extra pay and a donation in land to the officers of the army who may be disbanded.

3. *Resolved*, That the said committee be further instructed to enquire into the expediency of establishing one or more additional military schools.

4. *Resolved*, That the naval committee be instructed to enquire into and report to what extent the navy of the United States on the Lakes can be reduced, consistently with the public interest.

5. *Resolved*, That the committee be further instructed to enquire into the expediency of establishing one or more naval academies.

6. *Resolved*, That the committee on foreign relations be instructed to ascertain and report whether any, and if any, what modifications of existing laws are necessary to adapt them with the state of our relations with foreign nations.

A Court of Enquiry, of which Major General Scott was President, ordered to examine into the conduct of Brig. Gen. Winder, so far as it is connected with the capture and destruction of the city of Washington, have reported, that no censure is attributable to the General; on the contrary, they are of opinion, notwithstanding the result, that he is entitled to commendation—that every means in his power were taken to collect a sufficient force—that before the action he exhibited industry, zeal and talent, and during its continuance a coolness, a promptitude, and a personal valor highly honorable to himself and worthy of a better fate.

A Circular has been issued from the Office of Superintendence of the Recruiting Service, City of Washington, under date of February 15, 1815, directing Officers superintending the recruiting of Regiments and Corps, informing them that the recruiting service is suspended until further orders, and directing them immediately to call in their subordinate officers with their parties; forward their accounts to the proper officers at Washington, and report themselves, officers and men, to the Adjutant and Inspector General for orders.

Simon Snyder, Governor of this State, issued a Proclamation, dated at Harrisburgh, February 15, 1815, declaring, that Jonathan Williams, Joseph Hopkinson, William Milnor, Thomas Smith, Dr. John Hahn, William Darlington, J. Wilkeside, Amos Ellmaker, Hugh Glasgow, William Maclay, Dr Wm. Crawford, John Ross, Samuel D. Ingham, Joseph Hiester, William Piper, David Scott, William Wilson, Jared Irwin, William Findley, Aaron Lyle, Isaac Griffin, John Woods and Thomas Wilson, are duly elected and chosen representatives of the people of this state in the House of Representatives of the United States, for the term of two years, to commence from and after the fourth day of March next.

DIED, on Friday the 17th inst. after a lingering illness, Mrs. MARY CARRELL, consort of Mr. Wm: Carrell, of Mifflin township. Mrs. Carrell was long known as a pious, modest, and respectable woman, and left a family of small children to lament her untimely loss

COVINGTON,

A New Town,

IS laid out at the mouth of Licking River, on the Farm lately owned by Mr. Thomas Kennedy. This beautiful and commanding situation at the confluence of the Ohio and Licking Rivers, in Campbell county, Kentucky, opposite the flourishing town of Cincinnati, presents a prospect equal, if not superior, to any on the Ohio River The main road from Lexington, Kentucky, to Cincinnati, Dayton and the northern and western parts of the state of Ohio passes through it. The situation is healthy and possesses many advantages superior to any in the Western Country: Its convenience to a good Market, a Steam Mill and a variety of Factories, the facility with which all kinds of building materials can be procured, with many other concomitant advantages, hold forth great inducements for the enterprising Merchant, Mechanic, Manufacturer, and Man of business of every description.

This TOWN is laid out upon the most eligible plan for the occupant, as every Lot has the advantage of a street or alley leading to the Centre or Public Square for places of Worship, Academies, &c. and a Market Space of 100 feet wide by 500 feet long. A suitable number of Out Lots will be laid out convenient to the Town The Lots will be offered at Public Sale on the *twentieth of March next*, at the place aforesaid, upon the following terms—One-fourth in hand, or a negociable note with an approved endorser at 60 days—one-fourth in six months—one-fourth in twelve months, and one-fourth in eighteen months, in bonds with approved security, to bear interest from the date if not punctually paid—or one-third in hand—one-third in 12 months, and one-third in 24 months, with interest, if not punctually paid. A discount of 8 per cent. will be made for payment of the whole sum at the time of sale.

This Town has been established by an act of the Legislature of Kentucky, and titles will be made by the Trustees upon the purchaser presenting a receipt for the purchase money, or the order of the proprietors. A plan may be seen at JOHN S. GANO's, *Cincinnati*; R. M. GANO's, *Georgetown*; THOMAS D. CARNEAL, at Capt. Postlethwait's, *Lexington*; or BAKEWELL, PAGE & BAKEWELL, *Pittsburgh*.

DOCTOR HANDY'S,

WORM DESTROYING

LOZENGES,

A safe and efficacious Medicine for destroying and bringing away

WORMS.

MAY be used with safety by children of any age, or as common physic by the most delicate constitution, in any climate, without restraint of diet, or the smallest danger from cold. It may be given with advantage after the small-pox or measles; or as a family medicine, in any case where physic is necessary. The most frequent seat of worms in the human body, is the intestinal tube; but occasionally they have been found in almost every other part of the body.

Some very extraordinary cases of *Worms*, of an unusual form and appearance, being brought away by these Lozenges, have been made public in England, where the rapid sale of the medicine has exceeded any thing of the kind ever known before; and has also proved, to a demonstration, its approved superiority, as an athelminthick, to the numerous puffed-up, useless nostrums, which are daily advertised in the newspapers.

A single dose of this *valuable Medicine* has often been known to remove half a pot-full of the Teres or Round Worms.

A few doses are generally sufficient to remove the Ascarides, a small white worm, the seat of which is either the stomach or rectum.

Even the *Tape Worm*, at all times the most difficult to destroy, may, by persevering in the frequent use of this medicine, be totally removed in the course of a few weeks.

To select cases, with the names of people who are not known here, and living at a great distance, would be useless, and take up too much of the reader's time. We shall therefore only observe, for the benefit of those who are unacquainted with the symptoms of worms, that they are known or suspected to exist by a pain in the stomach, attended with a sudden depression of spirits before eating; at other times, the belly is hard, painful and distended with wind—costiveness, head-ache, and trembling of the limbs, with a sense of something rising in the throat—pale complexion and emaciated body, with weakness and irregular appetite—convulsive, epileptic, or falling fits—pains in the back and side, and frequent itching of the nose, and sometimes of the anus. The above, and a long train of afflicting diseases may all be occasioned by worms, which are much oftener the cause of death than is commonly believed.

The above valuable Medicine is sold only by

J. P. & J. W. SKELTON,

at their wholesale and retail Drug Store, at the corner of Wood and Third Streets, Pittsburgh.

GENUINE MEDICINES.

For the prevention and cure of Bilious and Malignant Fevers is recommended

HAHN'S ANTI-BILIOUS PILLS.

The operation of these Pills is very mild, so as to be used by persons in all situations, and of every age.

They are well adapted to carry off superfluous bile, and prevent its morbid secretions, to restore the appetite, to produce a free perspiration, and thus prevent Colds, which are often of fatal consequences. A dose never fails to remove a Cold, if taken on its first appearance. They are celebrated for removing habitual costiveness, sickness at the stomach, and severe head-ache, and ought to be taken by all persons on a change of climate.

They have been found remarkably efficacious in preventing and curing disorders attendant on long voyages, and should be procured for use by every seaman.

HAMILTON'S

WORM DESTROYING LOZENGES,

Which have, within years past, cured an immense number of persons of both sexes, of every age, and in every situation, of various dangerous complaints arising from Worms, and from obstructions or foulness in the stomach and bowels.

This Medicine bears no analogy whatever to others of similar title, so commonly complained of as operating with violence; on the contrary, a particular excellence of this remedy is its being suited to every age & constitution. It contains nothing but what is perfectly innocent, and so mild in its operation that it cannot injure the most delicate pregnant lady, or an infant of a week old, should no worms exist in the body; but will, without pain, cleanse the stomach and bowels, of whatever is foul, and and thereby prevent the production of worms, and many fatal disorders. The Lozenges are efficacious in taking off all gross humors and eruptions, feverish complaints, and the safest and mildest purgative that can be used on any occasian.

A dose of this medicine given occasionally during the warm season, will prevent "the vomiting and purging of children"—a disorder which annually destroys thousands of the infant part of our citizens. It is also the mildest and most certain remedy known, and has restored to health and strength a vast number when in advanced stage of this fatal complaint. Particular and plain instructions are given for every part of the necessary treatment in such cases.

Children generally take this medicine with eagerness; having a pleasing appearance and a mild taste.

HAMILTON'S ESSENCE & EXTRACT OF MURTARD,

A safe & effectual remedy for rheumatisms, gout, palsey, sprains and bruises, white swellings, old strains and relaxations, numbers and weakness of the neck, pains of the side, head ache, swelled faces, frozen limbs and every similar complaint. It prevents chilblains or chopped hands, and the ill effects of getting the feet wet.

THE DAMASK LIP SALVE.

THE RESTORATIVE POWDER FOR THE TEETH AND GUMS.

This excellent preparation comforts and strengthens the gums, preserves the enamel from decay, and cleanses and whitens the teeth, by absorbing all the acrimonious slime and the foulness, which if suffered to accumulate never fails to injure and finally ruin them.

HAMILTON'S

GRAND RESTORATIVE

Is recommended as an invaluable medicine for the speedy relief and permanent cure of the various complaints resulting from dissipated pleasures, juvenile indiscretions, residence in climates unfavorable to the constitution the immoderate use of tea, frequent intoxication and destructive intemperance, the unskillful or excessive use of mercury, the diseases peculiar to females at a certain period of life, bad lyings in, &c.

HAMILTON'S ELIXIR,

Celebrated for the cure of colds, obstinate coughs, asthmas, and approaching consumptions, and a certain remedy for the whooping cough.

HAHN'S GENUINE EYE WATER.

A sovereign remedy for all diseases of the eyes, whether the effect of natural weakness or of accident.

TOOTH ACHE DROPS.

The only remedy yet discovered which gives immediate and lasting relief in the most severe instances.

LEE'S OINTMENT FOR THE ITCH.

Warranted an infallible remedy at one application, may be used with perfect safety on infants a week old, not containing a particle of mercury or any dangerous ingredient whatever, and not accompanied with that tormenting smart which attends the application of other remedies.

LEE'S INFALLIBLE

AGUE AND FEVER DROPS.

For the cure of agues, remittent and intermittent fevers.

Doctor CHISHOLMS, Anti-Bilious Pills,

OF A QUALITY

Superior to any thing of the kind ever offered as a

GENERAL MEDICINE,

IN THIS COUNTRY,

Now prepared from a recipe of the celebrated *Dr Chisholm*, who, from a long residence in the West-India islands, has been enabled to favor the world with the most complete history, and most approved methods of curing all the BILIOUS DISEASES of those warm climates

This extraordinary medicine, which now for the first time is finding its way into general practice, has properties in the highest degree superior to the mercurial nostrums so frequently recommended by the name of Anti-Bilious Pills. The extraordinary powers of this medicine as a solvent and evacuant of bile, is without example; never producing debility, or injuring the health, in the smallest degree, of the most delicate child, or weakly female.

The BILIOUS HEAD-ACHE, so much complained of in this country, and in the neighbourhood of rivers, is often removed by a single dose, which, to a strong man, is only five pills, and to a weakly woman, three. The same dose will generally remove the most excrutiating pains of the cholic, like a charm, by abusing the bile to pass downwards in the course of an hour or two.

Two or three Pills taken an hour before dinner, and repeated every third day, will effectually remove those diseases arising from flatuiency and indigestion, and by persevering in the use of them for a considerable time, the appetite will be improved, and strength and vigor will return.

Two Pills taken at bed time, with a cup of penny-royal tea, and repeated every second night, will effectually remove *Rheumatic pains*, wherever seated.

A single Pill, taken every fourth hour with a cup of flax-seed tea, will cure *Pleurisy*, promote expectoration, and relieve coughs and colds.

In CONSUMPTIVE CASES and *diseases of the liver*, no medicine ever yet discovered, has been known to perform such cures. Two Pills, taken every third morning, will be found sufficient, unless costiveness prevails; in which case, the dose may be increased according to the strength or constitution.

The *Dysentery*, *Croup*, and *Summer Complaint* on children, are soon relieved by a few doses. A single Pill to a child of 6 years old, and the dose increased according to their strength and age.

In *Asthmatic* or *Phthisical* cases, where the laborious breathing and great oppression, with faintings, are fast sinking the patient to the brink of the grave, a few Pills, taking one every hour, with fennel or pepper-mint tea, will often enable the patient to walk about in a few hours.

The above valuable Medicine is Sold ONLY in Pittsburgh, by

J. P. & J. W. Skelton,

At their Wholesale and Retail Apothecary and Drug Store.
